Own Script Games.An investigation of the mass accuracy of an electrospray ionization mass spectrometer by single ion analysis. The state of the art electrospray ionization ion source is demonstrated to be sufficiently sensitive for single ion analysis (SIA). It is, thus, a suitable candidate for the mass analysis of DNA by ion cyclotron resonance or an ion mobility spectrometer with mass analysis. The accuracy of electrospray ionization can be increased by two-dimensional molecular ion imaging. However, the mass accuracy of the observed peaks is more than 40 ppm. The reasons for the lowered accuracy are evaluated and it is concluded that double ionization is the limiting factor.Q: Syntax for passing a serialized object to a DBSendAction via a Data Flow Task? I have a SQL Server 2012 SSIS Data Flow task, and I am trying to pass a serialized object to a DBSendAction component, but I am getting an error. The message is: Property 'LogicalName' cannot be accessed because the parameter is incorrect. What is the syntax for passing a serialized object to a DBSendAction? A: If the object that is being passed is a table, and not a
