Thus I decided to post a couple of books that are probably NOT on your syllabus but that I think you should know as they are the type of books that you should read in order to prepare yourself to understand the politics of the Holocaust. That is because the whole thrust of post-war politics in Germany, Austria, Holland and elsewhere was to try to bury the record of a failed genocide in which as many as ten to twelve million people, mostly Jews, were murdered in places such as Auschwitz. In the process they basically failed, resulting in the Cold War starting between the Soviet Union and the United States, resulting in an arms race, the proliferation of nuclear weapons, and the widening gulf in income between rich and poor nations. This is, of course, our history as the United States. But what
