We previously showed that growth and developmental changes in retinal cell number are delayed in the developing chick retina and that this reflects a deficiency of vascularization secondary to the inherent immaturity of the retinal vasculature. Recently, it has been suggested that the retinal vasculature is controlled at least in part by the local synthesis of platelet-derived growth factor (PDGF). We hypothesized that thyroid hormones (THs) are responsible for the delayed vascularization seen in TH-deficient birds and that the

Bella in NYC The boy dominated me, ripping my clothes from my body, throwing my boxer briefs to the floor. He tossed me onto the bed, tearing my boxers off. He lowered himself onto my body, his cock smashing into my hole, taking me into a world of pleasure. The more I stared at him, the more turned on he became. When he started thrusting into my ass, I felt as if I were going to come. He turned me over on my back, my legs spread and continued to fuck me, unloading his huge load of cum deep inside me.
